

## Core Skill: Running with the ball

### ORGANISATION

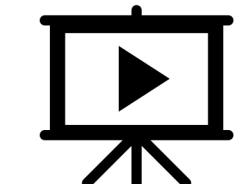

- Create 4-5 5x5 m working areas, and split 8- 10 players into working pairs, and allocate each pair a working area.
- The practice starts with movement 1, before changing to movement 2 after 4-5 minutes.

### MOVEMENT 1

- The ball starts in the middle of the working area, player (A) runs into the area and collects the ball and dribbles around the opposite cone, before returning to the middle where they stop the ball and return to their start cone. Player (B) repeats the movement.

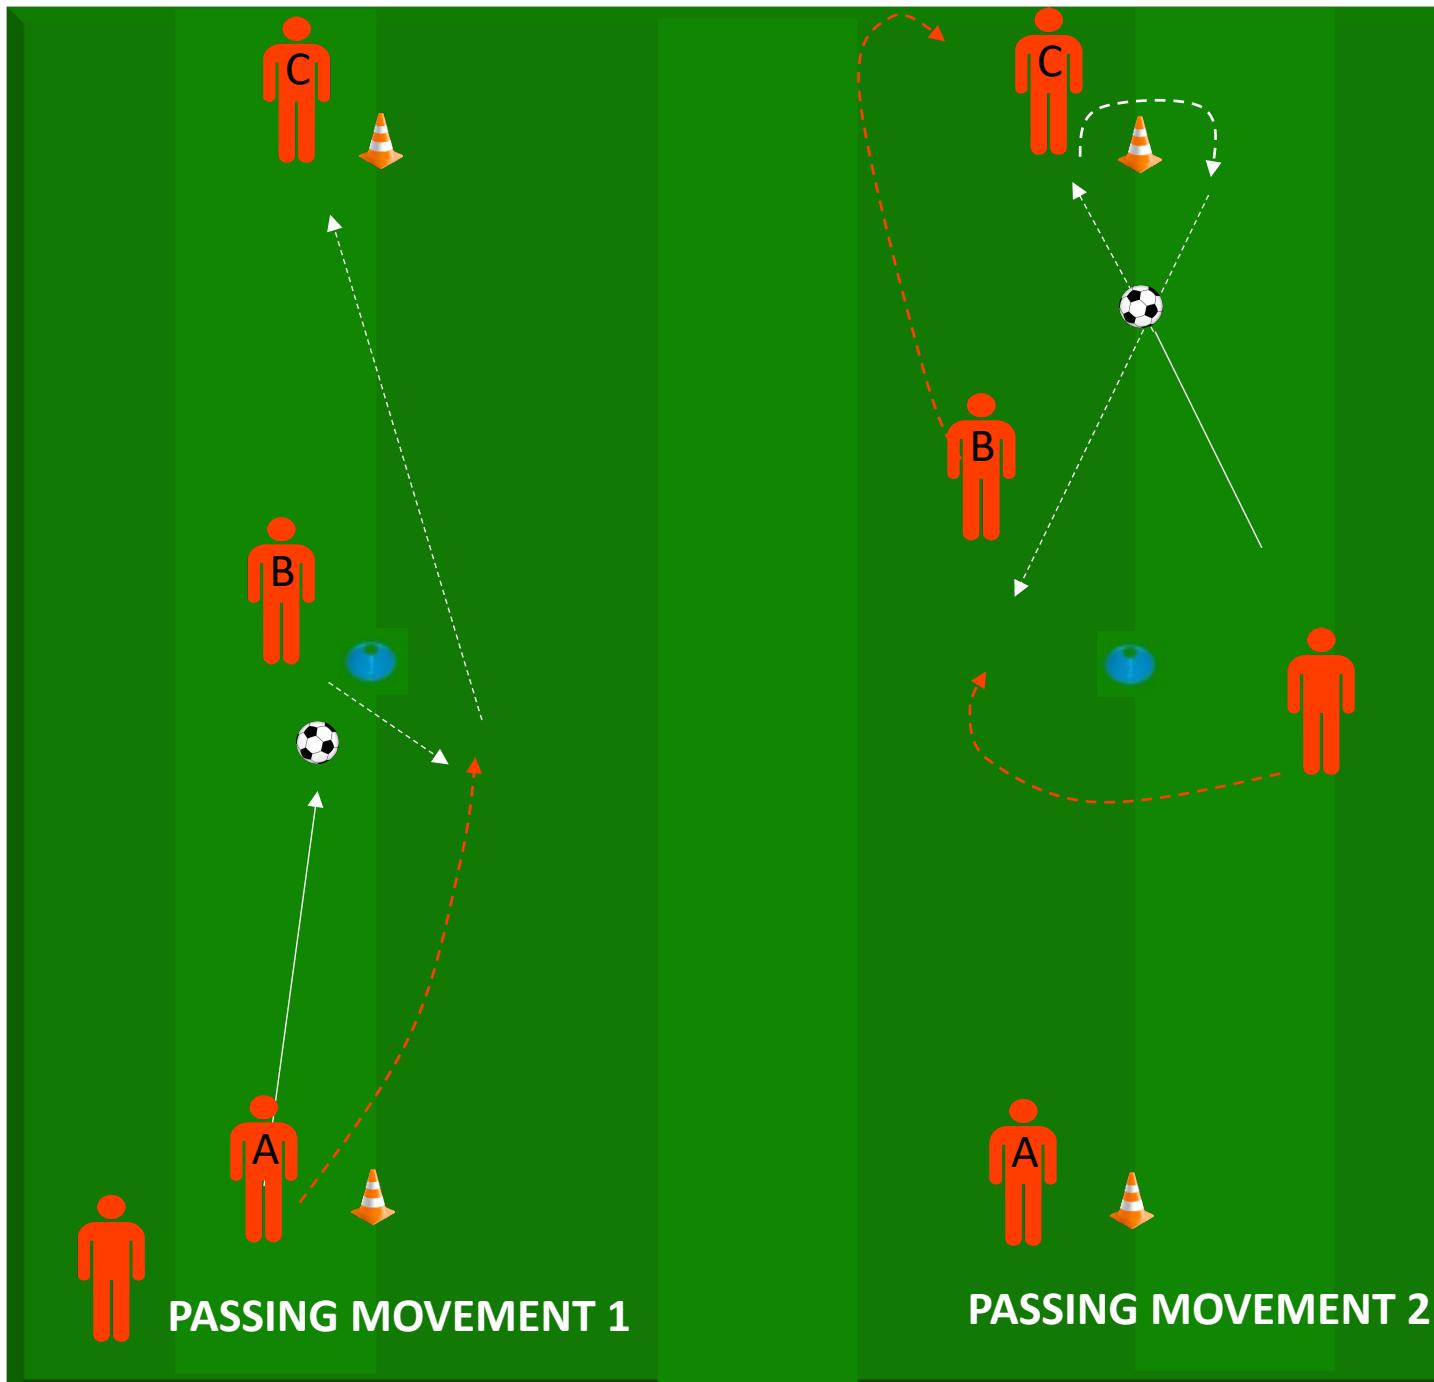

### MOVEMENT 2

- This time the ball starts at Player (A) feet, who starts the movement by passing across to player (B).
- On receiving Player (B) take their 1<sup>st</sup> touch around the cone and dribbles across the working area to the opposite cone.
- After passing the ball Player (A) make an overlapping run to the far corner to receive a pass from Player (B). The practice now repeats in the opposite direction.
